## 1. Financial matters

---

### 1.1 Cost of living in the Netherlands

Experience has shown that students living and studying in Rotterdam spend approximately €1,000 a month. This amount is needed to cover daily expenses, meals, accommodation costs, insurance, study books etc. How much money you will actually need depends on your life style. The costs for housing, for example, may differ considerably. Also, if you plan to travel during your stay, you will obviously need more money. For an overview of average living expenses per month, see the website:

[http://www.eur.nl/english/essc/internationaloffice/welcome/before\\_arrival/financing\\_your\\_stay/costs\\_of\\_living\\_in\\_the\\_netherlands/](http://www.eur.nl/english/essc/internationaloffice/welcome/before_arrival/financing_your_stay/costs_of_living_in_the_netherlands/)

### 1.2 ATP-Foundation Scholarship

Students who are registered as exchange students at the Erasmus School of History, Culture and Communication are eligible to apply for a scholarship of the ATP-Foundation (<http://www.atpfonds.nl/en>). This foundation has been founded in 2008 after our Exchange Coordinator, Annegien Tegelaar-Prins, passed away. With this scholarship the ATP-foundation would like to encourage incoming and outgoing exchange. In the information below you will read more about the criteria and application procedure:

If you meet the following criteria you may qualify for a scholarship of the ATP-foundation:

#### *Study*

You must be enrolled as an incoming student at the Erasmus School of History, Culture and Communication (ESHCC), which is part of the Erasmus University Rotterdam, the Netherlands.

#### *Period of stay*

You will study abroad for a minimum of 3 months and maximum of 12 months.

#### *Character and motivation*

Positive, assertive, inquisitive, entrepreneurial and creative.

#### *Application*

If you meet the [criteria](#) you may apply for a scholarship from the ATP-foundation. You can send your application by e-mail to [info@atpfonds.nl](mailto:info@atpfonds.nl).

Applications for the first semester, academic year 2017-2018 must be received before **May 1, 2017** at the Board of the Foundation.

Please send the following documents with your application:

- motivation letter, why have you chosen to study at the Erasmus School of History, Culture and Communication (ESHCC), which subjects do you wish to follow, what do you want to achieve during your stay, and why do you apply for a scholarship of the ATP-foundation;
- curriculum vitae;
- overview of studies so far and grades achieved;
- budget, which explains what expenses you expect to make before and during your stay and how you want to fund those;
- an overview of any other scholarships that you have applied for or are planning to apply for

#### *Procedure*

After receiving the documents, the board will evaluate whether the application meets the stated criteria. Based on the documents received, the board will make a ranking of the applications received. If necessary, additional information will be requested by e-mail. The students that are ranked highest will be invited for an interview after arrival in Rotterdam, The Netherlands. If the board decides positively on the application, it will award the scholarship.

The ATP-foundation attaches great importance to the student's experiences. The scholarship is therefore awarded in two parts: the first part is awarded at the start of the study period. The second part can be awarded after the student has returned home and has met the requirements of the ATP-foundation. More information about the ATP-foundation can be found on this website: <http://www.atpfonds.nl/>

### 1.3 Other scholarships

Please check: <http://www.studyinholland.nl/scholarships/grantfinder>

## 2. Immigration

---

### 2.1 Visa / Residence Permit

International Students coming from outside the EU/EEA who are going to study at Erasmus University Rotterdam (EUR) for more than 90 days will need to apply for an entry visa and/or a Dutch residence permit. Check the Study in Holland 'Student Visa Wizard' to find out which option applies to you:

<https://www.studyinholland.nl/practical-matters/get-prepared>

In April, the International Office of History and Culture Studies will send students information about the application procedure.

The students will have to fill in a couple of forms and send in the forms with the following documents:

- Copy passport
- Proof of financial means – 875 euros per month (by bank statement, financial support from a sponsor or scholarship)

From 1 May until 1 July you will be able to hand in your visa documents.

The fee for the visa and residence permit procedure is currently 317 euros.

### 2.2 Working Holiday Programme for exchange students from Australia, Canada and New-Zealand

Students from Australia, Canada, and New-Zealand have the possibility to apply for the WHP (Canada) or WHS (Australia, New-Zealand) instead of a residence permit for study purposes. These cultural programmes offer students the opportunity of a 'working holiday' (with the possibility of paid work without a work permit). The Dutch Immigration Services (IND) opened the WHP/WHS to (exchange) students as well, on the condition that they meet all the criteria.

The fee for the WHP/WHS permit is currently 53 euros.

Please note, the International Office will provide the students with more information.

For more information, see: [http://www.eur.nl/english/essc/welcome/before\\_arrival/immigration/whs/](http://www.eur.nl/english/essc/welcome/before_arrival/immigration/whs/)

### 2.3 Registering at City Hall/Municipality (all international students)

International students who will be living in the Netherlands for more than 4 months you are obliged to register at the City Hall in the town in which you are living (also European students need to register).

After registration, you will receive your citizen service number (BSN-number).

Please note: in August and September we will invite the Municipality to come to the EUR campus. Then you will be able to register. You will receive an invitation in June.

If you prefer to register at the City at another date, please make an appointment through the Erasmus University Rotterdam.

Students will then have to bring the following documents:

- Registration form (see website)
- Valid Passport or valid identity card
- A rental contract and a tenancy agreement
- Dutch residence permit (non- EU/EEA students only)
- **Birth certificate (original document)**

For an more information about the registration for an appointment and the required documents (downloads), please see: [http://www.eur.nl/english/essc/welcome/upon\\_arrival/cityhall/](http://www.eur.nl/english/essc/welcome/upon_arrival/cityhall/)

### 3 HOUSING

---

For our housing options, please check: [http://www.eur.nl/english/campus\\_facilities/facilities/housing/](http://www.eur.nl/english/campus_facilities/facilities/housing/)

Generally, international students find rental prices in the Netherlands and Rotterdam pretty high. However, this year's International Student Barometer survey showed that the quality of Rotterdam student digs is higher than that of rooms in any other Dutch university cities.

**Since we are unable to offer rooms (Short stay furnished accommodation owned by SSH) to all international students, a number of you will have to look for a room on the private market or seek other alternatives.** These are the options:

#### 3.1 Short stay furnished accommodation – international students

The short stay accommodation of the Erasmus University Rotterdam is run by the housing office called SSH. They have 4 dorms with furnished rooms you can choose from. You can rent one of these rooms for a maximum of one year. Prices for short stay accommodation range between € 510 and € 590 including services (water, electricity, internet, taxes etc).

Information about the dorms?:

Two dorms are off-campus, only 10 minutes walking from the university,

For Full year students only:

- [Erasmus International House](#): Private bedroom, shared bathroom/kitchen (2 persons)

Two dorms are on-campus, for both Full year and semester students:

- [Hatta Building](#): Private bedroom, shared bathroom/kitchen (3 persons)

- [F-Building](#): Private bedroom and kitchen, shared bathroom (6 persons)

*How to register?:*

From **April (final date will be announced later, you will receive an email)** it will be possible to register for a room. You can make a reservation at: <http://sshxl.nl/en>

To see the rooms which are available, click on 'I am looking for'. You will need to select 'Reserved Accommodations' (purple box) to find the rooms that are reserved for the Erasmus University Rotterdam. **Do not** select 'Regular Accommodations' (green box).

Next you will find a list of the available rooms. You can click on the room for more information like price, floor plans, facilities, map, street view etc

When you have found the room of your choice, you can click on 'Log in'. If you haven't registered yet, please click on 'Registration form' at 'I do not yet have a SSH account'. When you register, please make sure to select the following:

- Select 'ESHCC/Exchange students in History and Culture Studies'
- Exchange students don't need to fill in the student number.
- Fill in a correct email address, since the communication with SSH will only go through email
- Select the correct rental period

Please note, these dates are fixed. If you are coming for a Full year, you might want to search for other options (see the other housing providers listed in this document) which will allow you to rent a room until the end of June.

### 3.2 What you need to know when you search a room in the private market

1. Read through the [Housing website of the EUR](#), so you know the ins and outs of finding accommodation:
2. A good help in looking for accommodation, are the sources found on [Accommodation Providers](#) (also see the list of providers in this Guide)
3. Use social media. Try linking to people that have connections in Rotterdam.
4. If you end up renting a room on the private market, carefully read the section on [Legal Aspects](#) (and see the information below) to avoid any unpleasant surprises.
5. Make sure you understand your tenancy agreement and the terms of notice. Make any necessary payments in advance, but be aware of landlords who ask you to wire money to a “Money Transfer Agent” (such as Western Union or GWK), because they could be frauds. Money should always be transferred to a Dutch bank account. But rest assured: problems of this kind are rare.
6. Let the landlord know exactly when you will be arriving in Rotterdam and arrange a time for picking up the key.
7. Find out beforehand how to get to your new digs from the airport or train station ([public transport planner](#)) – you won’t be the first one to get lost on their first day in Rotterdam.

**Legal aspects** (also see: [https://www.eur.nl/english/essc/internationaloffice/housing/legal\\_aspects/](https://www.eur.nl/english/essc/internationaloffice/housing/legal_aspects/))

Getting into the legal aspects of renting accommodation is not likely to be anyone’s favourite pastime. We do, however, recommend you acquaint yourself with this topic beforehand. That way, you will know what to expect and will be able to avoid unnecessary bills or disagreements when you leave.

Tenancy agreements are normally in Dutch. Be sure to have someone check the contract before you sign it. Some important issues you need to look out for in the contract:

- Can you use the address of the accommodation rented and the rental agreement to register at the municipality of [Rotterdam](#)? In case of a subtenancy (whether it concerns an apartment, room or house) you will only be able to register on that address at the municipality under certain conditions. This is why we would in general advice against subtenancy.
- Does the property come furnished or not?
- Are utilities and services included in the rent? If not, find out what they will come to on a monthly basis.
- Please bear in mind that if gas, heating and water are included in the rent, this means you will be paying an advance. If you then take long showers or heat your room day and night even in summer, it will very likely exceed the advance and lead to an unpleasant bill upon departure. You might like to put on an extra sweater instead of turning up the heat and pay extra!
- Are there any extra fees, such as commission or a reservation fee?
- How much is the deposit and what are the deposit return conditions?
- What is the duration of the tenancy agreement? Could you stay longer if you wished? Check the terms of notice, too.
- What are the rental requirements? (What documents do you need? This also refers to matters such as passport copies, proof of enrollment at your university, a work contract and/or payslip).

On this page you will find the Glossary Housing Terms:

[https://www.eur.nl/english/essc/internationaloffice/housing/glossary\\_housing\\_terms/](https://www.eur.nl/english/essc/internationaloffice/housing/glossary_housing_terms/)

## 4. Getting to Rotterdam

---

### 4.1 Pick-up Service

Erasmus University Rotterdam organizes a free-of-charge pick-up service from Schiphol Airport Amsterdam at the beginning of every semester. EUR has its own meeting point, where our Erasmus Student Network (ESN) buddies await the newly arrived students. Buses drop students off at the Woudestein campus or, if so arranged, at the Student Hotel, the StayOkay hostel or at their accommodation rented through SSH.

Dates: several dates in August 2017 (will be announced in May)

You will be able to register online:

[https://www.eur.nl/english/essc/internationaloffice/welcome/upon\\_arrival/orientation/pick\\_up\\_service/](https://www.eur.nl/english/essc/internationaloffice/welcome/upon_arrival/orientation/pick_up_service/)  
(Registration form and deadline will be published in June)

### 4.2 Travelling by plane

When arriving at Schiphol Airport (Amsterdam): take the train to Rotterdam CS (CS = Central Station). This trip from Amsterdam to Rotterdam takes about 50 minutes. A train ticket, as well as a tram/bus/metro card, can be purchased at the Schiphol train station. At Rotterdam CS you walk to the main entrance of the station and take the relevant tram, bus or metro to:

#### 4.3.1 From Rotterdam Central Station

- Take tram 7 in direction of De Esch. Get off at stop Burg. Oudlaan
- Take tram 21 or tram 24 in direction of De Esch. Get off at stop Woudestein/Erasmus Universiteit Rotterdam.
- Take the metro in direction of Spijkenisse/Slinge. Change at station Beurs on metro in direction of Capelle a/d IJssel, Ommoord or Nesseland. Get off at stop Kralingse Zoom.

You can request a Buddy for the pick-up from Rotterdam Central Station. To sign up for the Buddy program:

[https://www.eur.nl/english/essc/internationaloffice/welcome/upon\\_arrival/orientation/eur\\_buddy\\_programme/](https://www.eur.nl/english/essc/internationaloffice/welcome/upon_arrival/orientation/eur_buddy_programme/)

## 5. HEALTH ISSUES

---

### 5.1 Health insurance

You are by law obliged to be properly insured during your time in the Netherlands. Above all things, you should make sure that you are sufficiently insured for medical expenses. In addition, third-party liability insurance is absolutely essential, and if you will be living in student accommodation it is also a good idea to have fire and furnishings insurance.

Erasmus University Rotterdam strongly recommends an IPS or AON Insurance. Both companies have a long and outstanding history in the field of medical insurances for foreign students.

For more general information about health insurance, see:

[http://www.eur.nl/english/essc/internationaloffice/welcome/before\\_arrival/insurance/](http://www.eur.nl/english/essc/internationaloffice/welcome/before_arrival/insurance/)

### 5.2 General practitioners (doctors), dentists and psychological help

During your time as a student, you might feel the need to talk to someone other than friends in your immediate surroundings or you might have medical problems. In Rotterdam there are many places you can turn to for help and assistance.

For a list of doctors, dentist and psychologists, see:

<http://www.eur.nl/english/essc/internationaloffice/studentlife/advice/>

## 6. Opening a bank account

---

International students who wish to open a Dutch bank account can do so at several banks.

- ABN AMRO

- ING

- Rabobank

For more information about the application procedures, see:

[http://www.eur.nl/english/essc/internationaloffice/welcome/upon\\_arrival/bank\\_account/](http://www.eur.nl/english/essc/internationaloffice/welcome/upon_arrival/bank_account/)

## 7. Temporary Jobs

---

Foreign students can take part-time jobs during their studies. However, the possible lack of knowledge of the Dutch language might make it difficult for them to find a job. Students can search for part-time jobs through temporary job agencies, advertisements in newspapers, or the internet.

### Non-EU/EEA students

Non-EU/EEA students need a work permit for part-time jobs. The employer or the employment agency needs to apply for a work permit for you.

In addition, non-EU/EEA students are only allowed to work under certain conditions. They can work either for a maximum of 10 hours per week throughout the year, or they can do full time seasonal work in June, July, and August.

### Non-EU/EEA students who will not need a work permit:

- Student from Australia, Canada and New Zealand who have a WHP/WHS won't need a work permit.
- Students from Japan

### EU students

Students from EU countries are allowed to work in the Netherlands without restrictions. Your employer does not need to apply for a work permit and you may work as many hours as you wish. However, you must pay income tax, so you will need a Citizen Service Number (Dutch: Burger Service Nummer, BSN).

### Insurance

You must be aware of the fact that once you take on a job alongside your studies, you will need to have the basic Dutch public [health care insurance](#) and pay income tax. (This can be about 100 euros per month, you should consider if it's worth it to have a part-time job)

---

### 8.1 Kitchen in student dorms

The Erasmus University Rotterdam does not have a meal plan. We don't offer a meal plan because each unit (or set of units) in the student dorms have a kitchen. And Dutch students are used to cook themselves.

### 8.2 Restaurants

However, there are several restaurants on campus where you can have breakfast, lunch, hot meals, snacks or coffee/tea. You will find a map on this page: [http://www.eur.nl/english/efb/food\\_drink/locations/](http://www.eur.nl/english/efb/food_drink/locations/)

#### *Erasmus Food Plaza*
